SENIOR-LEVEL INDUSTRIAL HYGIENIST SUPPORT

SECTION A – REQUEST FOR PROPOSAL

1.0 INTRODUCTION

Central Plateau Cleanup Company (CPCCo), acting under its prime contract with the Department of Energy, requests Offeror to submit a proposal for a **Labor Hour** type of contract to provide **Senior-Level Industrial Hygiene Support**.

Section A describes the basis of award, proposal submittal requirements, proposal instructions, and notices to Offerors.

Section B contains Representations and Certifications and other documents that Offeror may be required to complete, sign, and return with their proposal, as well as a Draft 4-Part Contract, which contains:

- Part I – Statement of Work
- Part II - Financial Terms
- Part III – General Terms, Contract Provisions & Attachments
- Part IV – Special Terms

CPCCo may determine that any proposal not submitted in accordance with this Request for Proposal (RFP) is non-responsive and reject the proposal.

2.0 BASIS OF AWARD

CPCCo intends to award one (1) contract as a result of this Request for Proposal (RFP) to the responsible Offeror who is responsive to all of the RFP requirements, with the lowest evaluated price and technically acceptable proposal.

CPCCo may determine that any proposal not submitted in accordance with this Request for Proposal (RFP) is non-responsive and reject the proposal.

2.1 Acceptance or Rejection of Proposals

CPCCo reserves the right to accept or reject any proposal with or without prior discussion with the Offeror. CPCCo may:

- award a contract on the basis of proposals received without discussions with Offerors (therefore, initial proposals should be submitted with the most favorable technical and price terms);
- select one or more Offerors with which to negotiate;
- reject any or all proposals received;

SENIOR-LEVEL INDUSTRIAL HYGIENIST SUPPORT

- issue a request for new proposals; or
- cancel the RFP without awarding a contract.

2.2 Responsiveness and Responsibility Determination

CPCCo will determine if the Offeror is responsive to the requirements of this RFP and eligible for award.

This evaluation may include, but is not limited to, information gathered from other sources, including safety performance, financial stability, and past performance for CPCCo or other customers. These determinations may be made at any time by CPCCo without additional questions or revision. CPCCo may waive minor informalities and irregularities in offers received.

2.3 Proposal Costs

CPCCo is under no obligation to pay proposal preparation costs.

2.4 Award Notification

CPCCo will notify all offerors after CPCCo selects an Offeror for award. There will be no public opening of proposals.

3.0 PROPOSAL PREPARATION INSTRUCTIONS

Organize the proposal as described in the following sections. Proposal must clearly and convincingly demonstrate that the Offeror has a thorough understanding of and will be able to perform the proposed contract successfully. For technical work, describe the proposed technical approach including assumptions and supporting detail. Unsupported, unclear, or inconsistent statements about Offeror's proposed performance and compliance with all contract requirements may be determined as non-responsive.

Do not submit generic brochures or other marketing materials which do not specifically relate to the proposal.

3.1 Proposal Content

Offeror's proposal must contain information sufficient to demonstrate an understanding of the requirements and Offeror's ability to perform successfully as proposed. Offerors who submit proposals that are unclear or incomplete may be judged non-responsive and dropped from further consideration for this award. Simply repeating the statement of

AMENDMENT NO. 1

SENIOR-LEVEL INDUSTRIAL HYGIENIST SUPPORT

work requirements or merely offering to perform the work may result in a lower evaluation or the offer being judged non-responsive to the requirements and dropped from further consideration.

Offeror shall reference Sections A.3.1.1 and A.3.1.2 below for how proposals shall be organized, and information required to be included. Each volume of the proposal shall be separate and complete.

Offeror shall reference Section B *Attachments* for additional required documents to be submitted as separate files.

Offeror shall include the company name in each electronic file name.

3.1.1 Volume I – Management & Technical Proposal

- 1) **Management Approach** – Discuss the Offeror’s management approach and capabilities to satisfy the requirements outlined in the SOW, including whether any work will be subcontracted, and if so, what portion.
- 2) **Company Experience** – Submit Offeror’s prior record in providing services similar in size, content, and complexity to those required in this RFP. Past performance shall be no older than five (5) years.
- 3) **Company Timekeeping** – Provide at least one of the following:
 - Description of timekeeping software
 - Timekeeping procedure
 - Timekeeping policy
 - A copy of an audit of the company’s timekeeping system stating it is acceptable
- 4) **Resume(s)** – Discuss the Offeror’s technical approach by providing a current resume for each proposed resource. Resources proposed to perform the scope shall have the proven ability of meeting the Qualifications Standards in Section A.4.2.B.1. Include proof of required education and certification(s).

3.1.2 Volume II – Pricing & Contractual Proposal

The Offeror shall use the Pricing Template (reference Section B) to propose a labor rate breakdown for the appropriate job classification that will be used for the scope.

SENIOR-LEVEL INDUSTRIAL HYGIENIST SUPPORT

3.2 Offeror's Acceptance

The contract, if any, resulting from this RFP will be substantially the same as the draft contract that is contained in the accompanying file. Unless otherwise noted by the Offeror in its proposal, Offeror's submission of a proposal signifies the Offeror's unqualified acceptance of all of the technical requirements and other terms and conditions that are contained and referenced in this RFP and the accompanying draft contract file. Interpretations established by the Offeror to any part of this RFP may be considered an exception and may render the proposal being considered non-responsive and dropped from evaluation and award considerations.

3.3 Exceptions to Technical Requirements and Other Terms and Conditions

The Offeror shall describe any exceptions to the technical requirements and other terms and conditions of the sample contract on which the Offeror's proposal is based. Offeror is notified that CPCCo considers the Offeror's compliance with the technical requirements and terms and conditions of the accompanying draft contract to be essential. In case of doubt, Offeror should request clarification from CPCCo. If the Offeror takes any exceptions to the requirements of the RFP, the pricing shall be based on the requirements of the RFP and the exception(s) priced as alternates. If the Offeror's proposal is based only on the proposed exceptions, CPCCo may determine that the proposal is non-responsive.

3.4 Proposal Validity Period

A proposal shall remain firm for 120 days after the proposal due date.

4.0 EVALUATION CRITERIA AND QUALIFICATION STANDARDS

Information such as experience, proposed work plans, past performance, key personnel, available resources and equipment and any other information available may be used by CPCCo in evaluating the Offeror's capabilities, responsibility, and responsiveness to the solicitation.

CPCCo will first evaluate each Offeror's proposal to determine whether the information provided meets the qualification standards. The Offeror's proposal must meet the qualification standards.

The Offeror shall address each of the qualification standards and state how the Offeror specifically meets each one.
